## Sonoma County Measure M – YES Parks for All !!

### Santa Rosa - Measure N - YES

We made this endorsement after much deliberation, and though the bond does not provide all the workforce protections sought by organized labor. We enjoin the Santa Rosa City Council to revisit the opportunity to use a skilled Union workforce to train apprentices for future construction, and ensure the payment of prevailing wage. We will be watching future funded projects closely to ensure that development ensures a just future for workers as well as residents.
