

Official's Name	Envr. Voting	Listens to Citizens	Ratings for Summer 2015 – Summer 2016. Scores are based on citizen input and are the opinion of SCCA, which is responsible for the contents of this report
BOARD OF SUPERVISORS			
Susan Gorin	B+	A-	Consistently good vote; active in the community. Very supportive of Community Separators; protected upland areas around Sonoma Developmental Center.
David Rabbitt	C-	C	Could be more helpful with Lafferty Park Access. Limited environmental leadership. Doesn't support ban on GMO crops, supports Community Separators.
Shirlee Zane	B-	B-	Talks environmental protection, but disappointing votes on GMO and local composting solutions. Parks, SMART, & social services advocate. Could be more receptive to environmental concerns.
James Gore	C+	B	Very accessible. Conservation public policy experience; may be moving in more environmental direction. Position on event centers in agricultural land will be telling.
Efren Carrillo	C	B-	More attentive, thoughtful in recent years. Led on protecting Coastal Access; voted to protect Atascadero wetlands. Supportive of Sonoma Clean Power.
CLOVERDALE CITY COUNCIL			
Mary Ann Brigham	C-	D	Publicly dismisses SMART, generally good on access to parks.
Gus Wolter	D+	D	Supports spot zoning for developers, not SMART or Community Separators supporter.
Robert Cox	C+	B-	Improved on water issues, housing. Could limit spot zoning for developers. Very accessible.
Carol Russell	B+	B	Stalwart for SMART & libraries. Considers bikeable and walkable land use choices.
Joe Palla	B-	C+	Strong on parks, good at managing budget. Forthright, listens well and clearly researches.
COTATI CITY COUNCIL			
John Dell'Osso	A-	A-	Consistent vote on environmental issues: UGB renewal, water conservation, and open space protection. Led on renewal and expansion of Community Separators.
Wendy Skillman	B	B	Responsive to issues & constituents. Could take stronger leadership position.
Susan Harvey	B	B+	Very active on organic material management & local compost, supportive of UGB. Responsive.
John C. Moore	B	B-	Community engagement varies with issue, less engaged on environmental issues.
Mark Landman	A-	A-	Takes leadership role on environmental issues. Good votes on water conservation, energy, and community health. Responsive to constituency.
HEALDSBURG CITY COUNCIL			
Tom Chambers	D	D+	Leader to remove GMO w/ misleading claim of restricted affordable housing. Disregards fast growth impacts on community, water, parking.
Gary Plass	D-	F	Votes for tourism, high end housing rather than livable communities for locals, youth, seniors. Not for sustainability. Assertiveness sways the council.
Shaun McCaffery	C	C+	Flip-flops on issues; not concerned with sprawl, climate change. Suggested banning the Roundup sales but ultimately went w/ majority. Supportive of Libraries.
Eric Zedrich	D+	D+	Sensitive to criticism. President of Healdsburg Lumber, will profit if housing limits removed.
Brigette Mansell	A-	B+	Opposed to removing GMO. Strongest vote for environment; supports composting facility & slowing tourism to prioritize affordable housing.
PETALUMA CITY COUNCIL			
David Glass	A-	A	Sees big picture; votes and leadership reflect strong environmental values. Holds developers accountable while facilitating smart growth. Very accessible.
Dave King	B-	B+	New to council, quick learner, forthright, engages on issues. Environmental stand not yet tested.
Teresa Barrett	A	A	Clear, conscientious, explains ideas well. Clearly researches each issue. Strong environmental advocate for open government & accountability.
Kathy Miller	C+	C+	Showed some leadership on city parks, but too willing to support developers' interests over environmental concerns. Could be more independent.
Mike Healy	B+	B	Consistent support of Lafferty Ranch, SMART, and water conservation, but his environmental record is inconsistent. Too willing to serve developer interests.
Chris Albertson	F	D	Consistent vote against environmental concerns. Rarely open to opposing views.
Gabe Kearney	C+	C+	Often unavailable to discuss issues. Inconsistent voting, difficult to understand his positions.

Official's Name	Envr. Voting	Listens to Citizens	Ratings for Summer 2015 – Summer 2016. Scores are based on citizen input and are the opinion of SCCA, which is responsible for the contents of this report
ROHNERT PARK CITY COUNCIL			
Pam Stafford	C	B+	Inconsistent positions, generally tries to support community values; opposed building a new City Hall. Supportive of new affordable housing units.
Jake Mackenzie	B+	A-	Sole leader on environmental issues and proactive around climate change issues.
Joseph T. Callinan	F	F	Limited commitment to issues or constituent interests. Doesn't entertain opposing views.
Amy Ahanotu	C+	B+	Generally works very hard, overall lacks an ability to effect desired policies.
Gina Belforte	C-	D	Clearly interested in water issues, yet to take a significant stand on the subject. Not supportive of incubator farm. Engaged w/ Community Separator issue & fought for form based code.
SANTA ROSA CITY COUNCIL			
John Sawyer	B-	B+	Not the lead on environmental issues, but lately shows concern about lowering GHGs. Generally accessible.
Erin Carlstrom	B	B-	Good environmental vote. Prioritizes constituent's needs; supported rent control.
Julie Combs	A	A	Strongest affordable housing and environmental vote. Very well-informed and accessible, engaged in the community.
Gary Wysocky	A	A-	Strong environmental vote, dedicated to public service. Provides needed oversight on finances/budgeting. Very approachable. Endorsed Measure J, K and Y.
Tom Schwedhelm	D+	C-	Not strongly engaged w/ environmental issues, though working to understand them. Voted against Rent Stabilization & Just Cause Eviction. His appointees prioritize business interests.
Chris Coursey	B+	A	Good votes so far for first term. Hope to see a growing leadership role. Attentive to constituency and supportive of Rent Control need. Encouraging to see appointment as next vice mayor.
Ernesto Olivares	D	F	Generally avoids discussion. Largely nonexistent environmental voting record. Not supportive of Rent Stabilization & Just Cause Eviction.
SEBASTOPOL CITY COUNCIL			
Sarah Glade-Gurney	A	A	Environmental heart of gold. Led the council in support of Community Separators. Standout leader for renewing UGB. Very engaged & accessible.
Una Glass	A	A	Tremendous leadership on UGB renewal, advocating for open space. Works tirelessly on coastal protection and access. Very consistent environmental vote.
Patrick Slayter	A-	A-	Good environmental vote, appreciate his leadership & outreach in recent years. Collaborative.
Robert Jacob	A-	A-	Socially aware and generally a good vote. Has the community's interest at heart.
John Eder	A-	A-	Took leadership on the recent CVS issue. Clearly studies and researches issues.
SONOMA CITY COUNCIL			
Madolyn Agrimonti	D	C	Has not supported climate change reduction efforts or affordable housing.
Laurie Gallian	B	B+	Strongest environmental vote, though tabled climate change actions b/c threat of lawsuit. Could be stronger for affordable housing. Very involved, reliable.
Rachel Hundley	C+	B-	Looking for her to lead on environmental issues, but not anti-environment; is standing up more for housing and homeless. Responds directly and good follow up. Room to grow.
Gary Edwards	D	D+	Swing vote, seems to prioritize neither community nor environmental values.
David Cook	C+	B-	Middle of the road, generally votes for environment but didn't support climate change reduction or affordable housing. Attentive and receptive to community.
WINDSOR TOWN COUNCIL			
Debora Fudge	A	A	Smart growth champion w/ reliable and consistent focus on balancing community needs with the environment. Passionate, accessible, and dedicated.
Sam Salmon	B	B	A good environmental vote but seems reluctant to support any growth at all.
Bruce Okrepkie	C-	C-	Doesn't often question development. Could be more proactive on environment.
Dominic Foppoli	C+	C-	Unpredictable vote. Supports Smart Growth, not Community Separators. Could engage more w/ community as he is absent often.
Mark Millan	C	D+	Good with water issues but falls short on pedestrian and bike oriented development.
